WOMEN DEVELOPMENT CELL

A Women Development Cell in any institution symbolizes a safety hub for the students. It is also the sign of progression and open thinking. WDCs are no longer legal institutions on paper. They have become much more than that. To a girls' college student, a WDC, unknowingly, becomes her strength and offers her different perspectives on gender issues. It empowers her to do what she wants. Hence, implementation of WDCs in every college is a must step to be taken. KMCTCEW inaugurated a women development cell "DYUTI" on 27th September 2014 by Adv Sapna Parameswaran (Board Member , Punarjani Charitable Trust) with the primary objective of building self-confidence and to set the fire of 'desire to win' in young women hearts. "DYUTI" aims in empowering the students to face life courageously and in embedding social awareness and responsibilities among them. The cell is also responsible to undertake the awareness programmes on gender sensitization, women rights and women empowerment in colleges.
